Department of Computer Science and Engineering

Event Name	Placement Training
Date	17 February to 24 February, 2025
Venue	6th Floor Seminar Hall, RVITM
Audience	6th Semester CSE Students
Coordinators	Prof. V R Srividhya

Objectives of the Program:

To create awareness among 6th semester CSE students about the placement process, timelines, and eligibility criteria.

- To boost students' confidence and help them develop a professional outlook toward placement preparation.

- To explain the structure of a placement offer, including fixed pay, variable components, and perks.

- To highlight the types of companies (service-based, product-based, startups, MNCs) and what they expect from candidates.

- To introduce reliable platforms and resources (e.g., LeetCode, GeeksforGeeks, LinkedIn, PrepInsta, etc.) for aptitude, coding, and interview preparation.

- To encourage ethical practices, discipline, and effective communication during the placement process.

Outcomes:

- Students gained clarity on how to approach placements based on their academic profile (CGPA, skill set, goals).

- They understood the breakdown of salary packages (CTC) and learned to analyze job offers more effectively.

- The session enhanced their awareness of different types of companies and their expectations during hiring.

- Students were introduced to a variety of platforms and tools to begin structured preparation early.

- Participants became more aware of professional etiquette and placement ethics, preparing them for real-time placement scenarios.

- The session provided motivation and direction, leading to better readiness for upcoming campus drives.

Topics Covered:
Day 1: 17/02/25
2pm to 2:30 pm
Introduction

2:30 pm to 3:30 pm
Resume Preparation

Presenter: Anuraag

3:30pm to 4 pm
Handling Pressure and Quick Decision Making
Presenter: Anuraag

Day 2: 20/02/25
9 am to 10 am
Placement Ethics and Behavioral Guidelines

10 am to 11 am
Package and Company Analysis

Presenter: Raksha Umashankar

Day 3: 22/02/25
10 am to 10:30 am
Info about different platforms for preparation
Presenter : Harshitha

10:30 am to 11 am
How to present yourselves in HR and Manager rounds
Presenter: Vikshita

11 am to 11:15 am
Break

11:15 am to 12 pm
Important Subjects to cover for placements
Presenter: Harshitha

12 pm to 12:30 pm
Aptitude Questions and How to Answer them
Presenter: Hongirana

12:30 pm to 1 pm
Group Discussion and personal Presentation skills
Presenter: Rehan

1:00 pm to 1:45 pm
Competitive Coding and Importance of time management for coding Tests
Presenter: Hongirana

1:45 pm to 2:15 pm
Break

2:15 pm to 2:45 pm
Importance of staying calm during pressure situation for clarity of thought
Presenter: Vikshita

2:45 pm to 3:15 pm
Domains outside Tech
Presenter: Rehan

Day 4: 24/02/25
2pm to 2:30 pm

Importance of Developing Good Projects
Presenter: Kusha

2:30 pm to 3:00 pm
Importance of Body Language and personal Presentation
Presenter: Rushil

3pm to 3:30 pm
Interview experience
Presenter: Kusha

3:30 pm to 4 pm
Importance of confidence and clarity
Presenter: Rushil

Brief Report:

The Department of Computer Science and Engineering at RVITM recently organized Placement Training for the students of 6th semester.

A comprehensive placement training session was conducted for the 6th semester Computer Science and Engineering students with the aim of preparing them for the upcoming placement season. The session focused on boosting students' confidence, enhancing their understanding of the placement process, and guiding them on effective preparation strategies.

The session began with an overview of placement ethics and professional behavior, highlighting the importance of maintaining honesty, responding promptly to placement messages, and dressing formally during interviews. The structure of salary packages (CTC breakdown) was explained in detail, helping students differentiate between fixed and variable pay, deductions, and in-hand salary.

Various types of companies—product-based, service-based, startups, and MNCs—were discussed to help students align their preparation according to their target roles. Students were also introduced to multiple online platforms like LeetCode, GeeksforGeeks, InterviewBit, and LinkedIn for structured preparation in coding, aptitude, and communication skills.

The session emphasized the importance of consistency, communication with the SPC (Student Placement Coordinator), and avoiding unethical practices like lying about backlogs or certifications. Students actively participated in activities, scenario discussions, and Q&A rounds, making the session highly engaging.
The session concluded with a motivational note, encouraging students to begin early preparation and stay focused, ethical, and proactive throughout the placement season.
