RV Institute of Technology and Management®

DEPARTMENT OF MCA

Organises
A two day workshop on

"WEB DESIGN UNLEASHED: A DEEP DIVE INTO REACT, ADVANCE JAVASCRIPT AND DESIGN TOOLS"

SATYAM SAURAV

Senior Software Engineer | Dyashin Technosoft

Internal Resource Person:
Vasanth C. *Bhagawat*

📅 **January 29th & 30th, 2026**

🕐 Time: 9am - 4pm

📍 Venue: MCA Seminar Hall, RVITM

OUTCOME :

Providing hands-on experience in modern web development, covering React fundamentals, advanced Javascript techniques, and essential design tools for creating high-performance and visually stunning web applications.

Dr. Nagashettappa Biradar
Principal, RVITM

Dr. Mrunalini M
Professor & Head Dept. MCA.

Co-ordinators: *Mrs. Shruthi M G | Dr. Satyabhama M*

RV Institute of Technology and Management®
Bangalore–560076

Department of Master of Computer Applications

Organized by	Department of MCA, RV Institute of technology and Management, Bangalore.
Date	29th & 30th January 2026
Venue	MCA Seminar Hall, RV Institute of Technology and Management (RVITM)
Resource Person	**Mr. Satyam Saurav** Senior Software Engineer, Dyashin Technosoft
Coordinator	Mrs. Shruthi M G, Dr. Sathyabama B

Objective of the program

The primary objective of the two-day workshop was to provide students with in-depth knowledge and practical exposure to modern web development technologies. The workshop aimed to:

- Introduce students to the fundamentals and advanced concepts of **React.js**.
- Enhance understanding of **advanced JavaScript techniques** used in real-world applications.
- Familiarize students with **modern UI/UX and web design tools**.
- Provide hands-on experience in building **high-performance and visually appealing web applications**.
- Bridge the gap between theoretical concepts and industry level web development practices.

Outcomes of the Workshop

At the end of the workshop, students were able to:

- Understand the core concepts and architecture of **React-based applications**.
- Apply advanced JavaScript concepts for efficient and scalable web development.
- Use design tools to enhance user experience and interface aesthetics.

- Develop interactive and responsive web applications.
- Gain confidence in working with modern front-end development technologies.

Feedback

The workshop received positive feedback from the participants. Students appreciated the clear explanation of concepts, practical demonstrations, and real world examples shared by the resource person. The hands on sessions significantly improved their understanding of React, JavaScript, and design tools, making learning both engaging and effective.

Conclusion

The two day workshop successfully achieved its objectives by equipping students with essential skills in modern web design and development. The program enhanced student's technical proficiency, problem solving abilities, and readiness for industry level projects. Overall, the workshop proved to be a valuable learning experience and contributed positively to student academic and professional development.
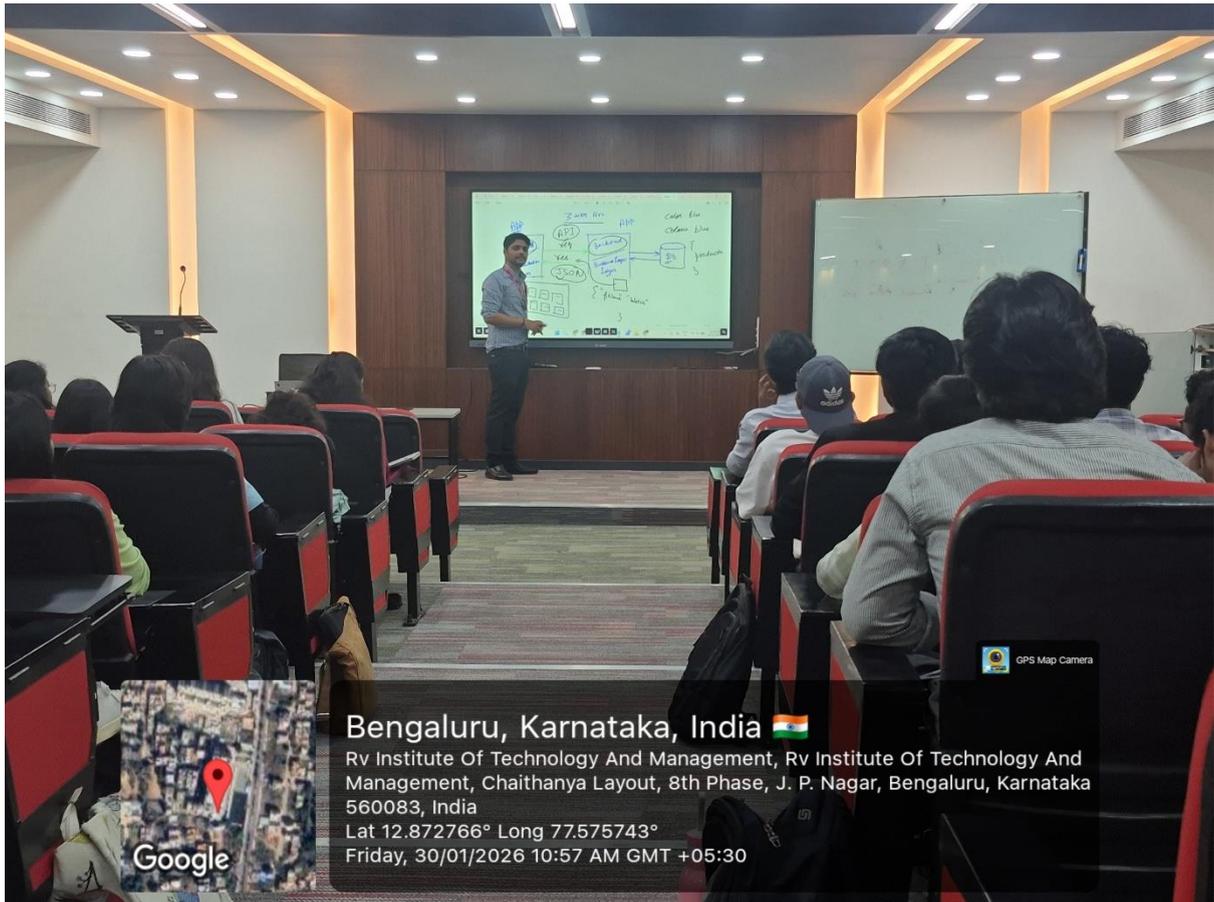

Student Participation

- A large number of MCA students actively participated in the workshop.
- Students showed keen interest during hands on sessions and interactive discussions.
- Participants collaborated effectively during practical exercises and demonstrations.
- The enthusiastic involvement of students contributed to the overall success of the program.

Acknowledgement

We extend our heartfelt gratitude to:
- RV University / RV Institute of Technology and Management for organizing this impactful workshop/SAP.
- Our mentors Dr. Mrunalini M, and Dr. Chethan Venkatesh for their continuous support, guidance, and expert teaching throughout the sessions.
